

*World Forum for **MEDICAL Device** in KANSAI 2012*

*-The Third forum in Kansai focusing on Medical, Diagnostic, and Analytic Device developments-
(Feb 23 – 24 in Osaka, JAPAN)*

In recent years, Medical, Diagnostic, and Analytic Device industry drew significant attentions for its stable growth and new entries into developments by companies from other industries. World Forum KANSAI for MEDICAL Device in Kansai 2012 is dedicated to promote the developments of innovative Medical, Diagnostic, and Analytic Devices and businesses by presenting unique technologies and business models of domestic and foreign companies. The forum also includes keynote presentations by major medical device manufacturers, individual business meetings and seminar to find the new effective ways of cross-border collaborations among companies and academics.
